## Why Suffer From Rheumatism?

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by Lyne Bros., Crab Orchard Ky.

## Resolutions Of Respect.

On the first day of May, 1905, our comrade, Thomas J. Hatcher, of M. D. Logan Camp No. 1336, was suddenly stricken by death in the 65th year of his age.

Comrade Hatcher was a native of North Carolina and during his early manhood, in common with thousands of young men of the South, he gave his heart and his hand and offered his life as a sacrifice for the land he loved so well.

He participated, fighting gallantly under the celebrated Stonewall Jackson in all of the important battles of the armies of Virginia and was in one of the regiments composing the command which came so near capturing Little Round Top at the great battle of Gettysburg.

At one time he was offered the captaincy of his company but declined the position and continued to fight in the ranks until the close of the war, surrendering with Gen. Lee's army at Appomattox.

He was always faithful and true to the cause, courageous and ready at all times.

After the close of the war he settled first in Somerset, Ky., thence removed to Monticello, from there to Stanford and had been residing in Lancaster for about 10 years.

Comrade Hatcher was a quiet, modest citizen of great industry, finally dying at his post of duty and was well beliked by our citizens. Our deepest sympathy is extended to the family of Comrade Hatcher.

Resolved that a copy of these resolutions be published in the Central Record of Lancaster, the INTERIOR JOURNAL of Stanford, and that a copy be delivered to the family of the deceased and that same be spread at large on the records of our camp. Joseph A. Arnold, commander; R. B. Denton, adjutant. By J. W. Hamilton, secretary.

## A Good Family Liniment.

As it is an antiseptic all danger from blood-poisoning is avoided.—Sold by Lyne Bros., Crab Orchard Ky.

Despairing Mother.—He hasn't the slightest ear for poetry or good literature, and he has no idea at all of what real life is like.

Friend.—He'll make a bully magazine editor.

While a bilious attack is decidedly unpleasant it is quickly over when Chamberlain's Stomach and Liver Tablets are used. For sale by Lyne Bros., Crab Orchard Ky.

## The Interior Journal.

E. C. WALTON.

EDITOR F. J. CAMPBELL, of the Sonerset Journal, at his leisure moments between serving the State as a member of the Board of Equalization and his readers as editor of the best country paper in the State, has figured that John D. Rockefeller's wealth in silver dollars would weigh as much as two battleships; in \$1 bills it would make a double girdle around the world and have a remnant 1,500 miles long. But wait, he says, until Commissioner Garfield gets through with his oil investigations. He will make all that wealth look like 30 cents.

A UNIQUE demonstration of the persuasive power of advertising was recently made in New York. A bank suffered a severe fire and many of the depositors, who were foreigners, started a run on the institution, the impression having spread that the money was being burned up. The bank promptly advertised the fact that the cash could be had for the asking and invited its clients to withdraw their deposits. Confidence was immediately restored and the run halted.

THE Livingston Banner tells the whole truth, it matters not who it hurts, when it says: "Now let the Courier-Journal, Louisville Times, Post and Herald get in line and work as hard for the conviction of Powers, Howard, Taylor, Finley and other sure-enough assassins as they did for the punishment of Judge Hargis. It is noticeable that not one of the papers mentioned above was as vehement in its demand for the conviction of the assassins of Goebel as for the conviction of Hargis."

A LOUISVILLE man knocked six teeth out of his wife's mouth because she put onions in the lettuce dressing, and now comes a dispatch from Pottsville, Pa., that another husband tried to kill his wife because she failed to have onions for dinner, and failing, cut his own throat. Onions or no onions, seems to be a mooted question now.

PROHIBITIONISTS should not give up their fight against strong drinks because the announcement is made that 81,000,000 glasses of beer are drunk daily in the United States. At least 50,000,000 glasses of the thirst-quencher is foam.

### FOR SALE!

**McKINNEY ROLLER MILLS.**

I offer for sale my mill and residence in McKinney, Ky. Mill has four capacity of 50 barrels and meal 100 bushels per day. Mill is well equipped with modern machinery in good repair. Has storage capacity of 5,000 bushels of wheat, also large corn bins and cribs. Wagon scales operated from office, coal bins and ice house. All under roof. Never failing water in mill lot. Mill is within 100 feet of Cincinnati Southern R. R. track and has private siding. The location is good for the following reasons: McKinney is nearest market to many of the largest wheat and corn growers in Lincoln county, large territory furnishing custom grinding. The feed and coal business in connection with mill pays well. No trouble to market all products from mill. Residence is a two-story, six room frame, with cistern on back porch. Milk house at back door cemented; all comparatively new. Large barn, huggy house in mill lot. On account of my falling 87-7-27, light and health generally, my physicians have advised me to quit the milling business. For further particulars call on or address Dr. Edw. A. Corn, Hustonville, Ky., or W. B. McKinney, Stanford, Ky. MISS JENNIE McKINNEY, McKinney, Ky. Administrator.

**Experience Teaches**  
Experience, 'tis said, keeps a dear school—the tuition comes high, but the lessons learned therein are never forgotten. The wise, however, are willing to profit by the experience of others. When the painter-man tells you that

**Mastic Mixed Paint**  
"The Kind That Lasts"  
is mixed better than he can mix paints by hand, that they are pure, sure and durable, that they give the best possible results in beauty and finish, and will not crack, peel or chalk off—that's the voice of experience—the lesson taught is, "buy Mastic Mixed Paint—save money."

Our constant desire to make this establishment the leading store in Stanford and Lincoln county has borne good fruit in the past and promises larger results in the future. You—the public—are our teachers; it is from you that we must ascertain whether we are on the right track or not.

We look for your approval or censure. Our aim is not only to sell goods lower than competitors, but give better service in every way.

To make cut prices when the goods are most needed, consequently we offer some odds and ends in Women's Slippers at the low price of 68c. AN exceedingly pleasing occasion was that at the Graded School Friday evening. It was a reception given by the older pupils to meet Prof. and Mrs. John L. Bosley. The interior of the large building was beautifully decorated with flowers, and the handsome carpets and rugs on the floor took away all semblance to a school room. The teachers of the school were also in the receiving line. Light refreshments were served, an hour or so was spent in conversation, after which the large crowd took its leave, feeling that it was good to have been there.

HEAD-ON COLLISION.—At 3:45 Saturday morning double header freight No. 51 ran into the first section of No. 37 at Knob Lick. Both engines of the double header were badly demolished while that of No. 37 was considerably damaged. Five or six cars loaded with coal and coke were broken up and their contents thrown in every direction. Wreckers from Livingston and Louisville both came to the rescue and by 1:30 Saturday afternoon the road was clear. Very little of the track was torn up. The cause of the wreck was a misunderstanding of train orders. No. 37, South-bound, in charge of Engineer W. I. Lindsay and Conductor J. W. Stephenson, had orders to meet No. 51 at Knob Lick and as South-bound trains have precedence, that train was standing on the main track waiting. No. 54, Engineers Whitehead and Pryor and Conductor James Mershon, came thundering along and ran into the train with the result above mentioned. Fortunately for the crew of No. 37 they had abundant time to leave their train, but that of 51 had to jump hurriedly and Engineers Whitehead and Pryor and Trainman Newman were all badly bruised and scratched in their leap for life. It was a Godsend that they jumped for had they remained in their cars they would have been instantly killed. A tramp named John Moore, who was in one of the wrecked cars, sustained a number of cuts and bruises. Frank Corlier, flagman on 37, was knocked from his caboose when the trains came together and was slightly hurt. It was not a costly wreck but an exceedingly narrow escape for the entire crew of 51 and the scene presented Saturday morning would not have made one envy the life of a railroad man. Messrs. Bickley, Williams, Givens and Denny, who live near the scene, were very kind to the trainmen in their trouble.

THE Cranor-Smith Lumber Co., of Brodhead, has bought Hugh Logan's stave and saw mill at Crab Orchard.

BURNING flues at H. J. McRoberts' residence and J. H. Boone's stable caused many to think that disastrous fires were in progress.

THE Crab Orchard base ball team defeated Stanford's second team on the former's grounds Friday afternoon by the score of 23 to 4.

THE ladies of the Union Sunday School at McKinney will give a strawberry and ice cream social at the Bank Hall on Friday evening next. Supper 25c.

IN renewing his subscription Mr. Clarence C. Douglas, of Tarpely, Texas, writes as follows: "Grass is fine; stock of all kinds also. Wheat and oats most ready for harvesting. Corn tassling and cotton doing well. Wool 20 to 22c per pound and mohair 20 to 30c. All South-west Texas has on her Sunday clothes."

MR. E. A. FOX, secretary of Sunday Schools in this State, will give an illustrated lecture at the Christian church Sunday night, next. No admission fee will be charged but a collection will be taken up. At 3 P. M. Mr. Fox will hold a Sunday School Institute which all the Sunday School workers of the town and county are cordially invited to attend.

THE county meeting held at Goshen Saturday was largely attended, a splendid dinner was partaken of and the day was spent both profitably and enjoyably. Interesting talks were made by Revs. G. W. Mills, F. M. Tindler, J. Q. and W. G. Montgomery and L. M. Omer. Nearly every Christian church in the county was represented and some satisfactory reports were received.

A GARRARD county republican, who is high up in political ranks, informs us that it is the general feeling among the republicans of Garrard not to give opposition to any of the democratic nominees except Judge A. D. Ford and some of the magistrates, unless they can get the very best of material. It seems that the rats are after the fiscal court, but we'll wager they won't get it.

THE Christian church was crowded Sunday morning to hear Rev. L. M. Omer's sermon to the graduates of the Graded School—Hubert Carpenter and James Newland. A special musical program was arranged and carried out by the best singers of town. Added to this was a beautiful solo by Miss Patsy Prewitt, of Lexington. Rev. Omer's text was from the first chapter of Joshua, eighth verse, and his discourse was a most interesting one. It was a splendid lesson to the graduates and other young people and should prove of value to them. The other churches gave way to Rev. Omer, who had been chosen to preach the Baccalaureate sermon, and many from the various congregations availed themselves of the opportunity of hearing the popular pastor of the Christian church.

THE Ladies' Missionary Society of the Baptist church will meet with Mrs. W. H. Wearen at 2:30 Friday afternoon.

LILLARD.—Mr. Robert W. Lillard, formerly of this place, died yesterday at Winchester, Tenn. He is survived by a wife and two children, Miss Sadie Lillard and Mr. Ashley Lillard. His first wife and the mother of his children was a Miss Craig, of Stanford. The burial will likely occur at his late home at Winchester.

CIRCUIT COURT begun at Mt. Vernon yesterday with a rather light docket. The morning was spent in charging the grand jury and the afternoon in trying a number of criminal cases of minor importance. The crowd was hardly up to the average and business generally was quiet. Few changes have been made in the town since our last visit, but Mt. Vernon may be said to be holding her own. The merchants seem to be thriving and people generally have an air of contentment.

### Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." During the Summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. G. L. Penny.

### MATRIMONIAL.

The church wedding of Mr. J. K. Helm, Sr., and Miss Florence Owsley, of Moreland, was quite a swell affair. The church at Moreland was beautifully decorated and many friends of the bride and groom were present to witness the union of the popular pair. We extend hearty congratulations to Mr. Helm and his bride.
